JOIN US AT THE FUTURE IS HERITAGE SUMMIT 2022

From the 24th of September to the 27th of September 2022 The Future is Heritage Summit will take place in Prague, on the occasion of the European Cultural Heritage Summit 2022. This four-day event is organised by The Future is Heritage, an international network of young people working in the field of heritage, in cooperation and with the support of Europa Nostra - the European Voice of Civil Society Committed to Cultural Heritage - and ESACH - the European Students' Association for Cultural Heritage. Students, young professionals and volunteers, who are active in the field of cultural heritage, are invited to join us at The Future is Heritage Summit 2022. The registration is now open.

WORKSHOPS, EXCURSIONS & MORE

During this four-day event, we will address important themes relating to the field of heritage across Europe. The four theme tracks are:

- Heritage & conflict
- Heritage & inclusion
- Contested heritage
- Working in heritage & personal development

Aside from workshops and lectures, we will organise an excursion to Theresienstadt as well as a European Heritage Masterclass on the green and digital transition in cooperation with Europa Nostra and the Climate Heritage Network Youth Forum.

INTERGENERATIONAL EXCHANGE

In a variety of lectures, workshops and indoor & outdoor discussions, we will host inspiring intergenerational exchanges.

The event will be partially integrated within the programme of the annual European Cultural Heritage Summit 2022 (25th-27th of September), organised by Europa Nostra in partnership with its European and Czech partners.

Young participants of The Future is Heritage Summit will have the opportunity to actively contribute to the activities of the European Cultural Heritage Summit, engage and network.

We will regularly update our website with more information concerning the programme and confirmed speakers. Keep an eye on: www.thefutureisheritage.com

WHAT IS THE FUTURE IS HERITAGE

The Future is Heritage is an international network and platform that aims to strengthen the position of young people working or volunteering in the heritage field throughout Europe. Together with partners, we are building our network and platform since 2018 through organising annual events.

Our goal is to work towards a more equal collaboration between young and established professionals within the European heritage field. Through our programmes and lobbying efforts, we aim to initiate international and intergenerational cooperation, dialogue and knowledge exchange in sustainable ways. By doing this, we hope to make it easier for young professionals, students and volunteers to enrich the European heritage sector with their knowledge, experience and creativity.
